AVAILABLE PROGRAMS

THE CLIMB

Engages youth involved in the juvenile court system. The mentoring relationship is utilized to establish a program of change in the young person's life. The mentor encourages goal setting, self-discipline, and skill development that improves the young person's sense of hopefulness. Mentors and youth work one-on-one for a one-year commitment, meeting at a minimum of twice a month.

Coming Soon...Torchbearers

This is the central program of Mentors For Williams County. Youth aged 12-16 and their mentors participate in a structured 12-month program. Together they will create and implement goals, reestablish trust within themselves and prepare for the future.

Coming Soon...Lunch Buddies

Works with children from local elementary schools. Adult mentors come to school each week to have lunch with their "buddy." Mentors may also participate in other elementary programs such as special person's day, book fairs, recitals etc. The program lasts for the duration of the school year.

OUR VISION

To create a community where every child is given the support to lead a successful life.

OUR MISSION

To provide Williams County youth with positive mentors who demonstrate and encourage healthy lifestyle choices to prepare them for their future.

WHAT IS MWC ALL ABOUT?

Mentors For Williams County (MWC) is a nonprofit agency providing mentoring programs for the youth in Williams County.

Mentors For Williams County was created in direct response to the growing number of young people that are either falling through the cracks at school, are already entangled with the juvenile court system or could benefit from a positive role model.

The goal of the program is to identify youths who are struggling with emotional and social needs and offer a positive support system. This support system will encourage the youth to make better decisions and avoid the pitfalls that can derail their lives.

The focus is slightly different at each age, but the goal remains the same; inspire our youth to make positive changes in his/her life and end the repeating pattern of harmful or otherwise negative behavior.

MWC FOCUS

Our primary focus is youths aged 12 - 16. This age group is particularly problematic and a perfect group for mentoring to be effective. MCW will also provide in-school and after-school programs for all youth in grades K-12.

Our program matches local youth with a mentor for a 12-month commitment. During that time the two will meet, at a minimum, twice a month. During their meetings they'll work to complete the Rediscovering You workbook to create goals and improve the young person's confidence and hopefulness.

Mentors receive training and continuous support throughout their commitment and work with their case manager to report on the young person's progress.
